宝石色叠层花章串饰

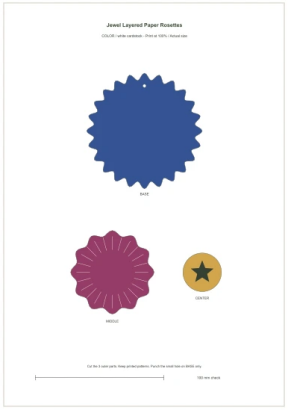

纸张：3张A4或Letter、160—200克卡纸。每页提供一片90毫米花边底片、一片65毫米中层和一片30毫米中心片，9片组成3朵叠层花章。

材料：彩色版用白卡纸；线稿版可分别打印在3种浅色卡纸上; 剪刀、直尺; 2—3毫米打孔器; 1毫米泡棉双面胶；也可用手工胶制作平面版; 约2米细绳

步骤图使用本项目实际打印轮廓。封面为AI成品效果参考，制作以模板形状、尺寸、孔位及说明为准；本站尚未实物组装。

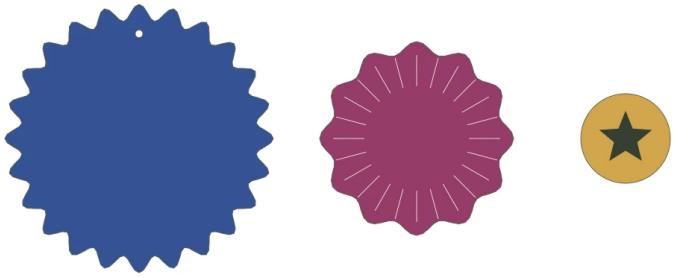

按100% / 实际大小打印，关闭“适合页面”，核对100毫米标尺。白卡纸用彩色版，浅色卡纸可用省墨线稿版；深色配色请用白卡纸打印彩色版。只打印需要的版本和对应页即可。

第1组图解

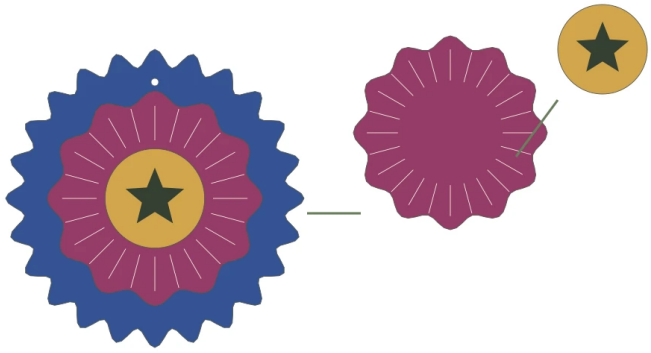

按100% / 实际大小打印3页彩色版，并核对100毫米标尺。沿外轮廓剪出9片：3大片、3中片、3小圆片；放射线和星芒印花保留，不需镂空。

第2组图解

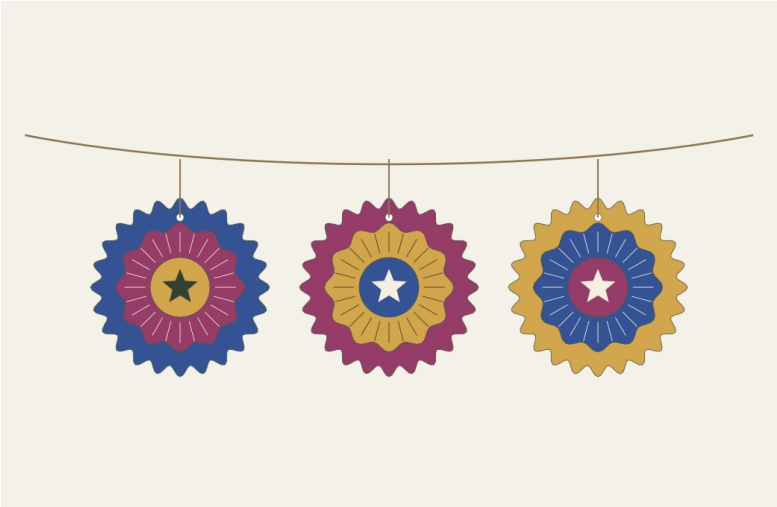

将每片90毫米底片配上一片65毫米中层和一片30毫米中心片。线稿版可将3种卡纸颜色交叉搭配。大片上的小白孔标记始终朝上。

第3组图解

先把中片居中固定到大片上，再贴中心圆片。用少量1毫米泡棉胶形成浅层次，也可用普通胶做平面叠层。顶端孔位要留出来，只在大片标记的小孔打孔。

第4组图解

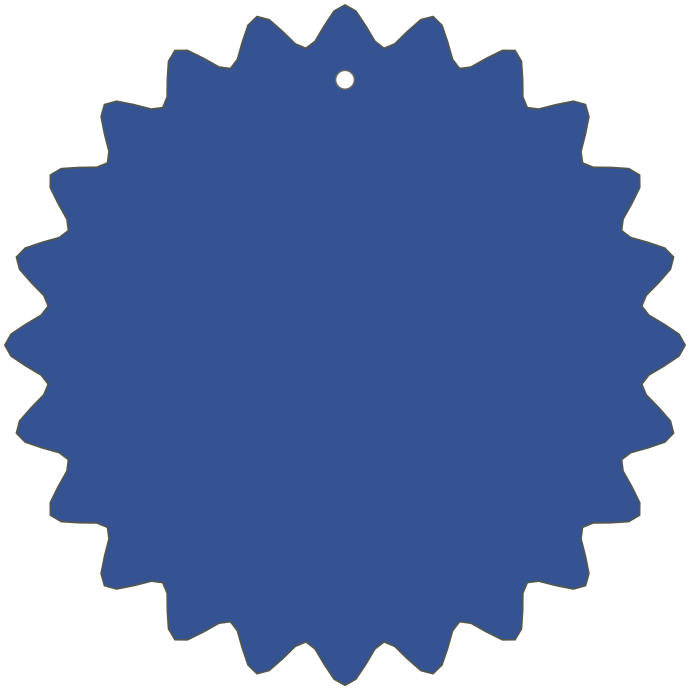

每朵从顶端孔穿一段短线并打挂环，再系到约1.2米的主绳上，调整间距后悬挂。每朵由3片剪裁纸叠贴而成，不需要折成手风琴纸扇。
