Linen CHEERS Letter Garland

Paper: 1 A4 or Letter sheet(s) of 140-180 gsm cardstock for 6 letter tags. Fixed English lettering: CHEERS. Choose either color or outline pages.

Materials: Cardstock in the size below; Scissors and ruler; 2-3 mm hole punch; About 1.5 m of thin cord

Construction diagrams use the exact printable shapes. The cover is an AI finished-project visualization; the actual printable shapes, dimensions and hole positions govern the project. Not physically assembled by this site.

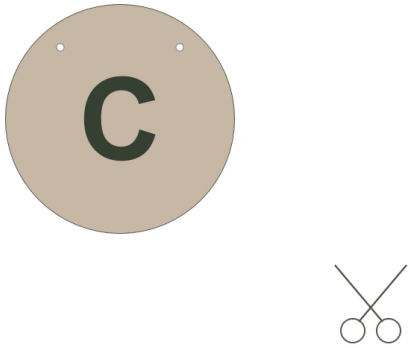

Print at 100% / Actual size, with Fit to page disabled. Check the 100 mm bar. Use white cardstock for color pages, or light-colored cardstock for outline pages. For dark palettes, use the color version on white cardstock. Print only the version and pages needed.

Illustrated section 1

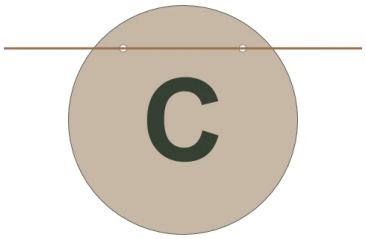

Print the 1 color page(s), or the outline version on light-colored cardstock, at 100%. Check the 100 mm scale before cutting.

Illustrated section 2

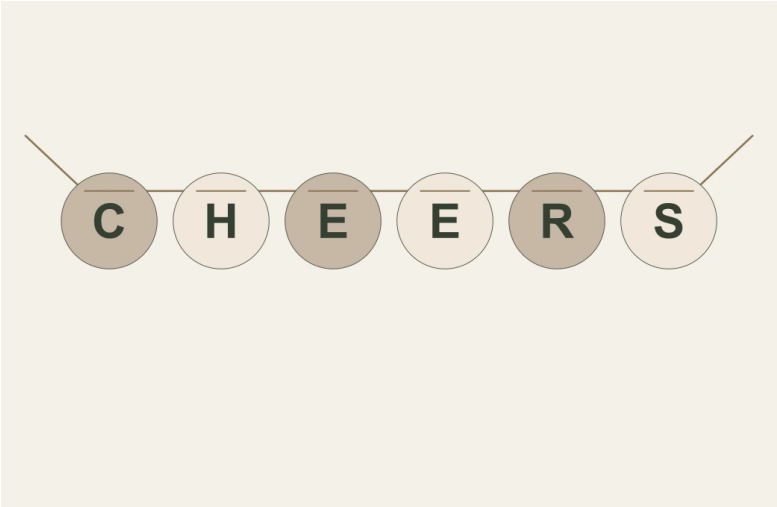

Cut out the 6 complete tags along their outer contours. Keep the letters printed on the tags; these are letter panels, not loose letter cutouts.

Illustrated section 3

Punch the two marked holes in each tag. Thread the cord from back to front through the left hole, across the front, and back through the right hole.

Illustrated section 4

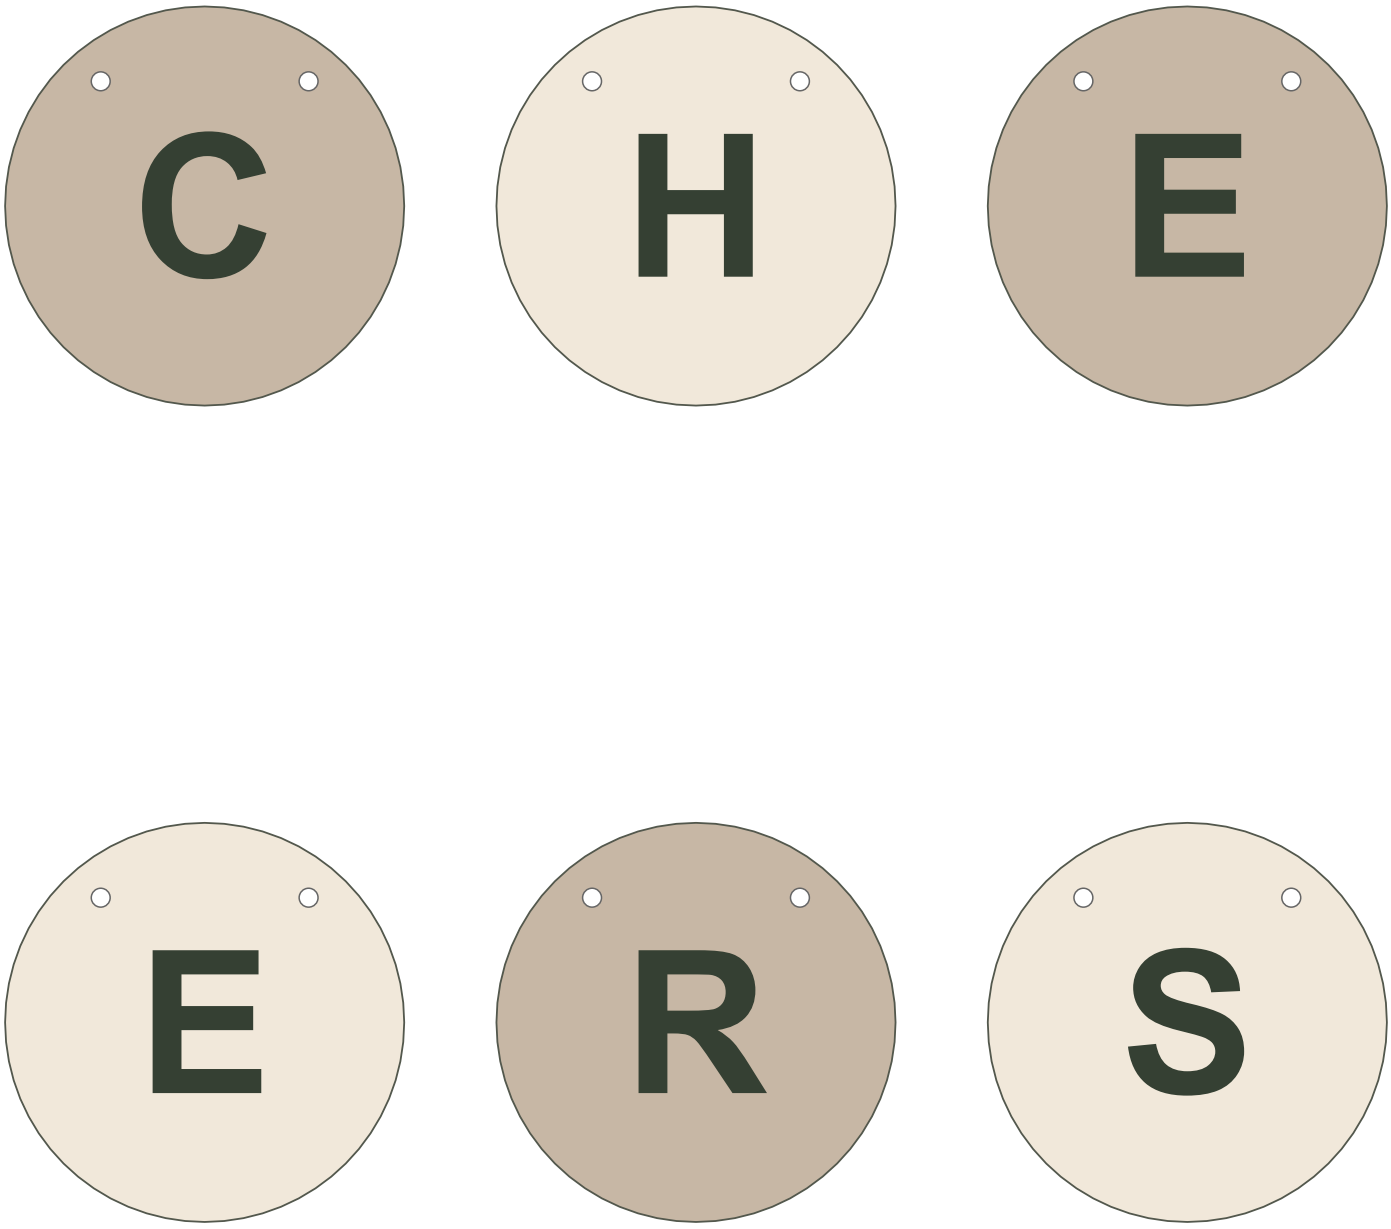

Arrange the tags left to right to spell CHEERS. Leave roughly 3-5 cm between tags, tie loops at both ends and hang the finished lettering.
