Print at 100% / Actual size, with Fit to page disabled. Check the 100 mm bar. Use white cardstock for color pages, or light-colored cardstock for outline pages. For dark palettes, use the color version on white cardstock. Print only the version and pages needed.

Illustrated section 1

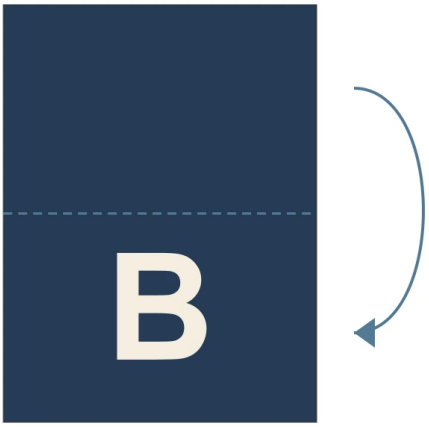

Print one color sheet for each letter in BAR, or use the outline version on light-colored cardstock. Print at 100% and verify the 100 mm bar.

Illustrated section 2

Cut out each complete outer rectangle. Keep the blank back half attached to the printed front half; do not cut along the middle dashed line.

Illustrated section 3

Score lightly along the blue dashed middle line. Fold the blank half backward so the two halves form an open A-shaped tent. The printed letter faces forward.

Illustrated section 4

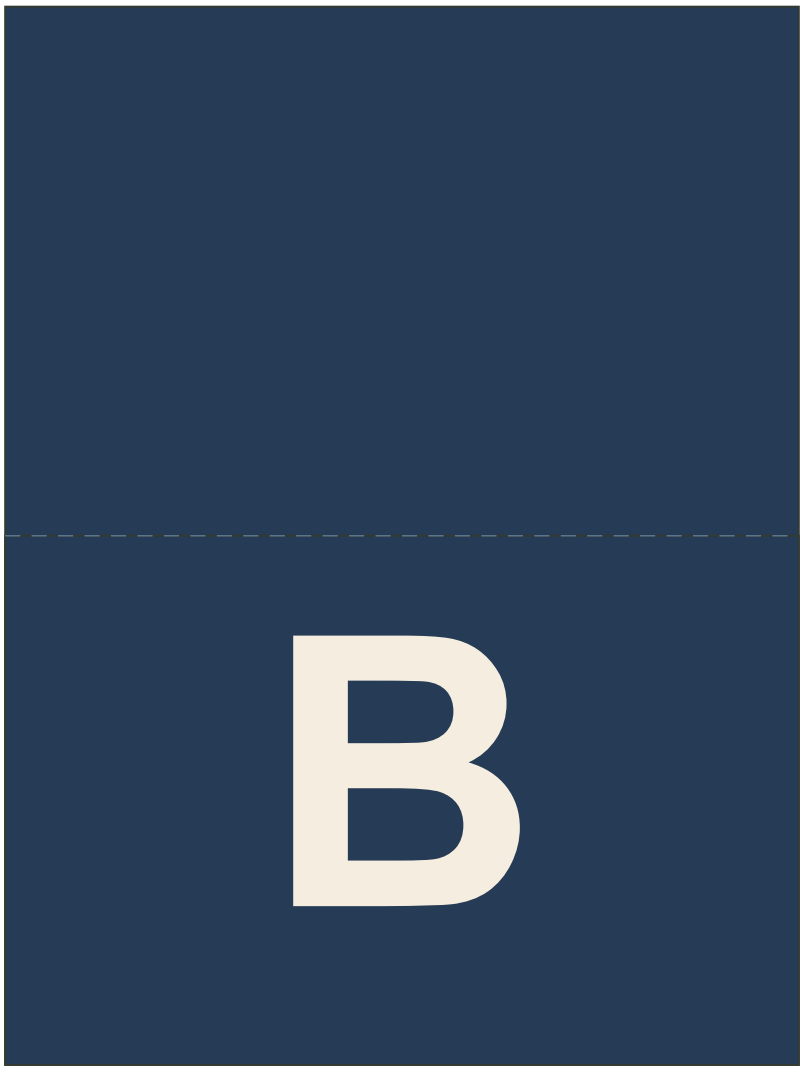

Stand the cards on a flat dry tabletop and arrange them in order: BAR. Adjust the opening angle for balance. No glued side walls or extra support pieces are needed.
