The finished image is an AI visualization. Follow the actual printable shapes and dimensions; this project has not been physically assembled.

Print at 100% / Actual size; turn off Fit to page. Check the 100 mm bar. Color page on white paper; outline page on light colored paper. Print only the required version.

Illustrated section 1

Print BOTH color pages at 100% / Actual size and check the 100 mm bar. Keep the character and all clothing at the same scale. The two outline pages are an optional alternative.

Illustrated section 2

Cut complete outlines. Keep all four tabs.

Cut the full character contour, keeping both complete arms, wrists, hands and feet. Cut the three dresses, hat and handbag separately. Keep all four tabs on each dress. Cut out the white opening in the handbag handle.

Illustrated section 3

Score the blue dashed tab lines. Align a dress with its own character at the shoulder and waist, then fold the two shoulder tabs and two waist tabs behind the doll. The three previews use the exact printable parts at identical scale, with the tabs folded away.

Illustrated section 4

Open the tabs gently to change outfits. The three styles have different necklines and skirt lengths. Place the hat brim above the eyes and fold its top tab behind the head; the handbag is a separate flat accessory. Store the parts flat.
