Wildflower Meadow Gift Tags

Paper: One A4 or Letter sheet of 180–250 gsm white cardstock.

Materials: White cardstock, scissors or a craft knife and mat, a 4 mm punch and optional 15 cm cords, one per piece.

The finished image is an AI visualization. Follow the actual printable shapes and dimensions; this project has not been physically assembled.

Print at 100% / Actual size; turn off Fit to page. Check the 100 mm bar. Color page on white paper; outline page on light colored paper. Print only the required version.

Illustrated section 1

Print the color page at 100% on white cardstock. Check the 100 mm bar. The outline page is an alternative for light colored cardstock; print only the version you need.

Illustrated section 2

Cut the 6 separate outer contours, including the clipped top corners. Keep the blank writing panels and all printed flowers. The white circle is a punch position, not a large opening.

Illustrated section 3

Punch the marked 4 mm circle. If adding a cord, fold a 15 cm length in half, pass the folded loop through the hole, then pass both loose ends through the loop and pull gently.

Illustrated section 4

Repeat for the remaining pieces. Write a message in the pale panel. Use a flat cord for bookmarks so the book can close; gift tags can be tied to wrapping or a bag handle.
